II. MDL Mediation and Resolution Program

The deadline for enrollment and the submission of claims forms for the First MDL Resolution Program has expired.

The Special Master's office continues to review Claims Forms to determine if the Forms meet the qualifying criteria for submission to the Medical Panel set forth in the Term Sheet. The Special Master continues to notify the attorneys for the claimants that have deficiencies. Thus far, in Propulsid I, the Special Master has submitted 3,121 Tier I, II, and III claims to the Medical Panel for review. Of the 3,121 claims the Defendants have treated 2,690 on an expedited basis. Twenty-four (24) of the tiered claims submitted to the Panel have been found eligible by the panel, and the Special Master has made those awards. One hundred forty-seven (147) tiered claims are still in review by the Panel, 123 of which are considered expedited by the Defendants. (All numbers in this paragraph are current through July 23, 2009).

A training session for the newly agreed upon Medical Panel Replacement member took place with the Special Master and the Court on July 16, 2009.

On July 8, 2009, the Special Master filed a Motion for Order to Aid in the Implementation of the Propulsid Resolution Programs. The parties await further direction from the Court with respect to the motion.

On April 29, 2008, the Court entered an Order regarding the waiver of the 6% MDL assessment fee as to those claimants found eligible by the Medical Panel. As for those claimants who have already received awards as of April 14, 2008 and whose awards were subject to the 6% assessment, the Clerk of Court remitted a check to the Special Master to reimburse those claimants for such assessment and further, the balance of the awards, the holdback 50% of the

award, was paid out from the Settlement Fund to each claimant that was found eligible for an award and who had previously received 50% of their award.

Defendants continue to submit a list of plaintiffs/claimants whose records have already been obtained by defendants in whole or in part, so when necessary, the parties, the Special Master and the attorneys for these plaintiffs/claimants can expedite the submission and review the Claim Forms for these individuals.

The Special Master is evaluating the Tiered Claims and has preliminarily concluded that a significant number of them are essentially Administrative Claims. They will be processed as such after they have been reviewed.

The parties have agreed on a select number of cases that will be subject to a second review, 9 of which have been deemed eligible for awards.

The parties have agreed on a new investment for the Settlement Fund.

The weekly telephone conference with the Special Master, PLC, DLC and SLC continues to take place to discuss a number of administrative issues germane to the Resolution Program.

There are approximately 1,412 enrolled Tiered Claims yet to be sent to the Panel in Propulsid I, and 416 enrolled Tiered claims in Propulsid II.

III. Attorney's Fees Issues

The PSC will be filing a motion and the Court will address the attorney fees issues at a later date.

V. Next Status Conference

The next status conference will be held by telephone on August 20, 2009 at 1:30 p.m. The dial-in is 1-866-213-7163 and the conference ID is 22964691.

Dear Judge Fallon,

Please find below the current Propulsid II timeline status report.

1. Claim Forms were due on 12/1/07. The Special Master's Office has received 1,673 claim forms. Claims received in Propulsid I which belong in Propulsid II continue to be transferred and entered in the Propulsid II database.

2. Medical Records were due on 1/30/08. To date, approximately 98 % of the claimants who have submitted claim forms have submitted medical records. The defendant has had issues with inadequacies associated with the submissions and has requested that the Special Master continue efforts to ensure that the medical record submissions meet the requirements of the Program.

3. Claimant memorandums were due on 3/30/08. To date, the Special Master's Office has received 9 % of these on Tier claims.

4. Administrative claims began being processed on 4/1/08. To date, 312 of these claims have been paid and proceeds forwarded to claimants.

5. The Special Master's Office began clearing claims for defense briefing on 5/31/08. The most recent batch of expedited claims were cleared on June 24, 2009 and it is anticipated that the next batch of expedited and non-expedited will be cleared by July 31, 2009.

6. The Special Master's Office began receiving defense memorandums on August 22, 2008.

7. Expedited claims began going to medical panels on August 28, 2008. Disbursements began on December 23, 2008 regarding administrative payments on any of these claims which were declared

ineligible. The next batch is anticipated to be released to defense counsel for approval for payment by July 31, 2009.

8. Non-expedited claims began going to medical panels on September 27, 2008 and administrative payments on any of these claims which were declared ineligible began on December 23, 2008. The next batch is anticipated to be released to defense counsel for approval for payment by July 31, 2009.

9. Payment of claims which are declared eligible will begin as soon as they are cleared by the panel and the required documentation has been submitted.

10. Panel review status:

Total to Panel: **125** (of that, **122** are expedited)

In review: **11** (of that, **11** are expedited)

Ineligible: **114** (of that, **111** are expedited)

The Special Master agrees that this is a correct and reasonable projected timeline with the caveat that it is based on and assumes timely filings by claimants and the defendant.

We are also advised that while there is a heavy concentration on completing the First Program, steady activity is maintained in the Second Program. The Special Master's office continues to process status reports and deficiency notices to plaintiff counsel and as resolutions are received, claims are cleared for defense briefing. Duplicate enrollments and claim submissions are also being processed and resolved.

Respectfully submitted,

Richard J. Arsenault
